MAY 9, 2018
WESTWOOD PARK HOMES ASSOCIATION BOARD MEETING MINUTES

Board of Directors present: Aryn Roth- President, Ann Nixon- Vice President, island maintenance, Kirby Upjohn- Treasurer, Marita Wesely- Secretary, Dick Nelson- WPHA event photography, Richard Robinson- Director, administration.

The meeting was hosted by Richard at his home. Thank you for your gracious hospitality, Richard.
Aryn Roth called the meeting to order at 6:00 pm.

OFF DUTY POLICE DEPARTMENT NEIGHBORHOOD PATROL SERVICES
Aryn is awaiting response regarding this program for possible use in Westwood Park. She will update board members and WPHA as information becomes available.

WESTWOOD ROAD SPEED BUMPS
The board suggests three speed bumps be installed on Westwood Road. In order for this to happen, seventy five percent of residents on both sides of Westwood Road need to sign a request document that may be down loaded from KCMO.org. NOTE: If there is an adjacent street whose only access is through the speed bump requesting street, that street also needs approval signatures of seventy five percent of residents on both sides of their street. Once the appropriate paperwork is submitted to the city and approved, the installment process proceeds.
A recommendation was made for the person that could contact Westwood Road residents for signatures. Aryn will approach that individual.

"MUSIC IN THE PARK" FUNDING REQUEST
The board agreed to donate two hundred and fifty dollars from WPHA funds to the West Plaza Neighborhood Homes Association to help defray band costs for the June 23 event being held in Westwood Park.

FENCES
When building a fence, be sure to get a staked survey. The company installing the fence often includes the cost of a staked survey in the total job estimate.

OVERLAYS
After discussing a potential overlay for the Westwood Park Homes Association, the board requested additional information on the topic.
Richard volunteered to investigate this issue with Sheila Vemmer, City Planning and development and report back to the board.
