## Attention all Crestwood Residents

There will be two general meetings regarding the Rockhill Tennis Club's (RTC) plans to relocate to 5236 Cherry Street.

=====

**WHERE:**

**Both meetings will be at 2<sup>nd</sup> Presbyterian Church** (55<sup>th</sup> and Oak Streets)

**WHEN:**

**Saturday, March 6<sup>th</sup>** from 9:00 am to 12:00 noon

**Monday, March 8<sup>th</sup>** from 6:30 pm to 9:00 pm

=====

**Note:** Two meetings have been scheduled in hopes that all residents have the opportunity to make either a weekday evening or a weekend morning meeting.

### Crestwood Board's position regarding RTC's plan is:

- It is the neighborhood as a whole, not the Board, that should and will decide Crestwood's response to the Rockhill plan
- How the neighborhood makes this determination is also for the neighborhood itself to decide.

John Crawford, V.P of Crestwood's Board, has requested that neighbors email him questions for Rockhill, to make sure everyone has the opportunity to have their questions answered in writing — and emailed back to Crestwood neighbors before the meetings (copies of the Q&A will also be available at the meetings). Please forward questions to John in a bullet list form. John will consolidate and organize these questions. John also requests for the purpose of getting as much detailed project information out to Crestwood as possible, that you provide him **only** "nuts and bolts" type of questions, that would deal with matters such as parking, hours of operation, size and number of special events, what sort of operating restrictions would RTC agree to, how would they be enforced, etc. John can be reached at [jcrawford@kc.rr.com](mailto:jcrawford@kc.rr.com) or 816-739-4321. **Many documents are available on this project at our web site [crestwoodkc.org](http://crestwoodkc.org). More will be posted as they come.**

## North Island work to begin in March

Previous Vice-President Chad Logan has continued shepherding the PIAC process . You may remember this was the top priority of the CHA Master Plan. As things now stand applications are still in process. The bid will be in next week and work should begin by mid March. All costs are being covered by PIAC including landscaping and the bench.. Much appreciation should go to Chad for this effort. Herding cats is much easier. Additional projects called for by the master plan are in process.

## UMKC Projects Update

Negotiations continue at UMKC on key points of the Oak Street West Development Phase III.. They hope to have the key real estate transaction points negotiated by Mid April. DST hopes to have a letter of intent in place for the grocery store by that time.

The design aspects have been on hold waiting to get these pieces worked out. They plan to begin informational meetings in late March with the affected neighbors and the board to update us on the relocation plan for the KC Young Matrons. Later a general meeting may be requested.
