**Congratulations to Chad Logan as recipient of this years Okerblad Good Neighbor Award.** Evident around the neighborhood are the results of his efforts. This year the north entrance island was rebuilt and landscaped. The wood Crestwood signs were all replaced with metal signs and all this was done with PIAC funds none of the funds came from the Crestwood accounts.

## Points and Parks

In 2009, Crestwood hired Country Club Tree to trim all the trees on the islands, points and parks as well as remove four trees. In 2010 two more trees were removed. Looking back on an inventory of 1996, Crestwood has lost 10 trees in Cherry Woods alone and most were huge shade trees making up the canopy level. This fall Rosehill had a half price tree sale because of an overstock due to the economy and the Crestwood board decided to take advantage of this. George Eib of Country Club Tree drew up a tree plan which included 7 trees in Cherry Woods and 10 Trees in Happy Woods. This plan was approved by the board and Rosehill should have them planted in mid-November. Eileen has worked diligently to keep the island points and parks beautiful. Her efforts and her success is visible to all. Thanks Eileen.
