Jim Bell brought a letter to the meeting regarding the Shawnee Mission School District's proposals concerning boundary changes and school closures. Indian Fields Middle School may be affected. The Board was encouraged to attend a September 13th meeting at 7pm at Shawnee Mission West High School to get more information.

Mark discussed whether the Board should propose changes to the By-Laws to better define what would be acceptable for new homes and significant renovations. Mark will research options and present them at a future meeting.

The next meeting will be at 7pm, September 28th, at Homestead Country Club.
